7. New Business/announcements—Do we know what our timeline will look like for CSCA being face-to-face or online? Based on our hotel contract, we have to plan face-to-face. There is a clause that can be enacted in the hotel contract. We cannot do anything until 60 days out. We will have a final decision in January. There will be a survey for people's intent to attend. We will have a conference. We just do not know if it is virtual or in person.
8. Adjourned at 10:13.
