**Article IX. Finances**

The Executive Committee of CSCA allocates funds to each interest group each year. These funds shall be used in support of the interest group/caucus/section awards. In the event that the allocated funds are less than $100.00, the funds received shall be divided equally amongst the caucus awards. In the event that these allocated funds exceed $100.00, any remaining money following the funding of the caucus awards can be spent in support of the caucus at the discretion of the Chair.

**Article X. Amendment of Bylaws**

Following their establishment, any amendments to the caucus bylaws can be proposed by any member of the Executive Committee or by a petition by a member(s) of the caucus. Caucus membership must be notified of any proposed amendments at least thirty days prior to the annual meeting. This notification is the responsibility of the Chair. So that the chair is provided with reasonable opportunity to notify membership, amendment petitions must be submitted to the Chair at least forty days prior to the annual meeting. Amendments require the approval of two-thirds of the membership present at the annual meeting.

**Article XI. Conference Programming**

Programming (papers and panels) will only be accepted from students who are currently enrolled in a graduate program at the time of submission.

Guidelines for completed individual papers and extended abstracts:

- Complete papers should be a maximum of 25 pages double-spaced with 12 pt. font. This excludes title page, references, figures, and tables.
- Extended abstracts should be between 5 and 12 pages double-spaced with 12 pt. font. This excludes title page, references, figures, and tables.

Competitive paper submissions can include both completed research papers as well as extended abstracts. It is the expectation of the caucus that extended abstracts are amended to completed research projects by the time of presentation. These completed projects should be sent to the caucus Chair by January 1 to ensure compliance.

It is the expectation of the caucus that you will attend the conference if your paper or panel is accepted.

Please use APA format for referencing.
Before submitting your submission, please include a title paper that is a separate document from the paper, allowing author identity to be concealed. On the title page, indicate the CSCA membership status of author(s) and clearly identify whether your paper is an extended abstract and/or debut submission.

Submissions to the Graduate Student Caucus may not be co-authored with faculty mentors/advisors.

Guidelines for Panel Discussion Submissions

- A panel submission is a format that engages a group of panelists in a formal interactive discussion about a topic related to the graduate student caucus.
- Panel session submissions are not blind reviewed. The reviewers will see the names of the presenters, participants and organizers. These sessions are reviewed based on overall quality, interest to the caucus, relevance of the topic to the theme, innovativeness, and overall contribution.
- Individuals proposing discussion panels must complete and use the CSCA Panel Proposal Request Form available on the CSCA website.
- Panel submissions must also include the following: (a) title, (b) description/rationale (no more than 1 page), (c) a complete list of participants along with their institutional affiliations, contact information (address, e-mail, and telephone), and if they are CSCA members. For panel proposals, we strongly recommend collaboration with graduate students from multiple institutions.
